Financial Statement

Our Goal at CYA during these tumultuous times is to continue to provide opportunities for our members to obtain fulfillment through soccer today and in the future. As a 501(c)(3) non-profit youth sports organization, there are many fixed costs and expenses from the onset of the state-wide restrictions that we are unable to recover. These expenses include cancelled spring camps, clinics and events, county and facility fees, governing body fees, and other operating costs such as insurance that the club incurs whether we are playing or not. Moreover, we are committed to retaining our amazing staff coaches during this time, as they are the backbone of CYA Travel Soccer and play a valuable role in providing structure and much needed engagement with our players.

For these reasons, CYA's financial policies will remain in place, as our Club's Board of Directors and Leadership continues to evaluate options and deliver as much programming as possible using virtual means. While we will not be offering refunds, for returning active players we are offering Player Development Opportunities that are valued at more than 1/3 of a year's player fees between Summer 2020 – 2021 – details on the following slides.

We understand these are very difficult times for our families, and we have taken an active role in providing value and structure for our travel players during this unprecedented time in our nation. By keeping our current financial policy in place, we can plan and adapt to multiple scenarios that protect the long-term future of CYA and allow us to continue to provide value, development, fulfillment, and joy through the game of soccer and community.

PLAYER DEVELOPMENT OPPORTUNITIES

Summer 2020 – Summer 2021

The current statewide stay-at-home order is effective until June 10, 2020. While the possibility exists to resume on-field programming on or about June 15, we wanted provide our plans when restrictions are lifted. Once we can get back on the field our plan is to resume what would have been our spring practice schedule right away – of course with proper safety measures and following all guidelines provided by the various local, state, federal and youth soccer governing bodies. Our staff is committed to continuing their work with their teams throughout the entirety of the summer, a time where our staff is usually on break. Likewise, we are still waiting on decisions from NCSL about summer play, and what may be happening with Super Y-League & scrimmages.

CYA will be providing the following Player Development Opportunities to our current/in good standing 2019-2020 players with the goal of making up for the time lost on the field from this spring. The following slides will illustrate what will be available over the next year for our returning CYA players. Each player will be able to participate in all the available Student Holiday, National Holiday and Weeklong Camps & Clinics over the course of the next year at **no additional cost** as well as FREE access to the RISE Training Program App through the end of July.

** For new players to CYA, as well as non-CYA players, these Player Development Opportunities will be available at the regular registration cost.*

***Any Player Development Opportunities that are unable to be held due to Covid-19 will be transferred to the 2021 Summer-Fall Season or players will have the option to choose a new date.*

ELITE PLAYER DEVELOPMENT SYSTEM

3 TRAINING PROGRAMS IN 1

RISE blends elements of speed, skill & strength into killer workouts designed to take your game to the next level.

The magic is in a functionally integrated training system, a progressive mix of training components designed around the goal of improving speed of play in 3 integrated tracks:

SPEED
SKILL
STRENGTH

With over 1,000 instructional videos and 500+ different skills to master, RISE allows you to train inexpensively on your own time with easy to follow programs, workouts and video instruction to help guide you as you develop.

Travel 2020-2021 – Strategic Planning

The uncertainty surrounding COVID-19 guidelines has taken us into uncharted territory with our travel program. To be proactive and provide transparency, we are prepared for three possible scenarios for Travel players for the 2020-2021 season.

Plan A – Regular August Start

Assuming we return to play for a regular fall season schedule in mid-August. Regular monthly payments will be applied, with the player commit fee being deferred to August 1, and first club fee payment to be paid September 1 with the option of 3-5-7-monthly payment plans. This assumes players have resumed competitive games and at least a 2x/week on-the-field training schedule.

Plan B – Modified August Start

Assuming there is a phased social distancing component in August that allows on-the-field group training opportunities (where number of players is managed) and small-sided games. This scenario includes the continued virtual training and engagement and advanced interactive online programming. In Plan B, monthly fees will be adjusted to reflect what is being offered until normal play and programming resumes.

Plan C – Postponed Start

Assuming that current or similar stay-at-home orders and strict social distancing are still in place in August and beyond, prohibiting players to resume on-the-field play. This scenario includes our continued virtual training and engagement, advanced interactive online programming, online classroom sessions and other means of virtual programming. In Plan C, monthly fees will be adjusted to reflect what is being offered until normal play and programming resumes.

Travel Selection 2020-2021

Planning and Process

At CYA we always put our players first and will continue to do so. In this ever-changing landscape, we are further committed to providing all players a safe place to play for the 2020-2021 Soccer year. Along with limited changes to our coaching staff and their current 2019-2020 teams, we want to mitigate the stress revolving around the tryout process for our players by offering the following:

All active existing CYA players will be invited back for the 2020-2021 Soccer Year!

*** We are asking everyone (current and non-current CYA players) to register for tryouts in our registration system to allow us the best possible planning for our teams and staff. Registration for CYA tryouts indicates your intent to return to CYA for the upcoming year, and you will need to be in the registration system in order to get an invitation. Registration is NOW OPEN, so you can go in today and register! ***

[REGISTER FOR TRYOUTS HERE!](#)

While committing to offer a spot to every active/returning CYA player without stress of trying out we want to place players on teams that will provide them with the best competitive and challenging environment to develop their soccer abilities and achieve long-term success. Internally, CYA conducts Individual Development Plans, Age Group Depth Charts, and coach input on player progression on a regular basis. These ongoing evaluations allow us to move forward with player placement without the normal tryout process.

For players currently not with CYA Soccer we will have open tryouts scheduled during summer team training sessions starting immediately once we are allowed back on the field, as well as virtual tryout options.
